Windshield Kit, MiniCMIT
Order code: 086072

Perfect for the Schoeps MiniCMIT, the new miniature shotgun in the Schoeps CMIT series.

- Genuine Rycote patented Lyre® technology for massive handling noise reduction
- Broadcast industry standard Rycote basket windshield for stunning wind noise protection and superior acoustic transparency
- Beautifully compact professional – basket only 28cm (11”) in length!
- Premium, lightweight short XLR connector incorporated from our flagship Cyclone range (with blue end-cap on XLR)
- Combined 62- and 72-Shore Single Lyres (blue), provide optimal compliance for this mic
- Genuine Rycote Windjammer included

*Also suitable for other microphones up to 150mm in length, from 19mm to 22mm in diameter, including Schoeps CMC without Cut 1, Neumann KM 180 Series and Octava MK-012.

Super-Softie Kit, CMIT
Order code: 033208

Perfect for the beautifully balanced Schoeps CMIT 5.

- Genuine Rycote patented Duo-Lyre® technology for massive handling noise reduction
- Incorporates industry standard genuine Rycote Super-Softie, with 3D-Tex® material for excellent wind noise protection with proven toughness & reliability
- Super-Softie length only 21cm (8.25”) and weighs less than 100 grams!
- Fast, incredibly effective and easy to use
- Ideal for boom pole use with Universal Shotgun Mount, or use on-camera with included brass hot-shoe adaptor

*Suitable for many popular shotgun microphones, from 19 to 25mm in diameter, including: Audio-Technica BP4029; Neumann KMR81i; Sanken CS1, CS2; Sennheiser MKE600; Rode NTG2, NTG4 & NTG4+.
